**Instructions:** Unscramble the message on each line. Each line is a chapter title in the book *Why You Talk So White? Eliminate the Behaviors that Sabotage Your Success*, by Sylvia Henderson. (Of course the chapters are not listed in their book order.) Each square accepts one letter of the unscrambled line on its row. When all the lines are unscrambled, place the letters in the numbered boxes into their corresponding numbered boxes at the bottom of the puzzle. The bottom row of squares yields a “secret message” once the letters are in their correct numbered boxes.
